

CAREER DEVELOPMENT FELLOWSHIPS IN THE NATIONAL TECHNOLOGY CENTRE AND TECHNOLOGY GATEWAY PROGRAMMES

Call for Proposals N. 1

Deadline for applications: **December 19, 2019 - 3 pm** (Irish time)

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 847402

Following the successful Career-FIT programme, Enterprise Ireland is pleased to announce the launch of a new Marie Skłodowska-Curie COFUND aiming to award 50 prestigious Fellowships through two open calls for proposals in 2019 and 2020.

This career development programme is underpinned by triple “i”: International mobility, Intersectoral exposure and Interdisciplinarity.

Fellows will be hired by the host institution for three years, including a mandatory secondment to industry for up to 12 months.

Each Fellow will be assigned an Academic Mentor and a Secondment Mentor to guide him/her in the research project, training and career progression. He/she will further benefit from exposure to the ongoing research collaboration in the associated Technology Centre / Technology Gateway.

Are you an Experienced Researcher (i.e. in possession of a doctoral degree or with at least four years of full-time equivalent research experience)?

Are you residing outside the Republic of Ireland or in Ireland for no more than 12 months in the past three years?

Do you want to enhance your skills, working conditions and career perspectives?

Do you want to explore working closely with the industrial sector in a market-focused research collaborative project?

Do you want to live and work in Ireland, one of Europe’s Strong Innovators and the EU leader in innovation from SMEs?

Then you should apply!

Visit the website <https://www.horizon2020.ie/career-fit-plus/#> for more information and link to the online application system.
